PROTEST PLOWING OF CROTONA PARK BASEBALL FIELD

Bronx Residents Aroused by Action to Turn the Place into Flower Garden.

The action of Park Commissioner Hennessy of the Bronx in starting to plow up the baseball field in Crotona Park with the design of establishing a nice, harmonious flower garden has started a storm of protest which bids fair to sweep over the borough and make trouble for somebody. The baseball ground in Crotona Park has been used for athletic purposes for forty-nine years.

Thousands of middle-aged New Yorkers have played ball or witnessed ball games on the historic old diamond. It is now a convenient athletic field for boys and young men of a community which is growing so rapidly that open spaces are being swallowed up at a time when it is the public policy to devote all field areas that

NO MORE WOODEN CARS IN BROOKLYN SUBWAYS

What Is Public Service Commission Going to Do About Violation of the Law and the B. R. T. Contract With the People?

THE LAW—"Passenger cars shall be constructed, as far as practicable to do so, of steel and fireproof materials. The design, materials and construction are to be such as will give the maximum safety and comfort."—Section 38, of Contract No. 4, entered into March 19, 1913, between the city and the B. R. T.

THE FACT—More than 200 wooden cars are being used daily by the B. R. T. through the Centre Street loop, over the Williamsburg Bridge, to Canarsie and Jamaica. They are being used during the rush hours.—Information obtained from the Public Service Commission.

LET US FORGET—Eighty-nine killed, 225 injured when B. R. T. Brighton Beach train of all wooden cars left the tracks in the Malbone Street tunnel.

WHAT IS THE PUBLIC SERVICE COMMISSION doing to put an end to this menace? A former Public Service Commission put an end to wooden cars in the old Interborough Subways. The Evening World then led in the demand for action!

can be spared to playground purposes. A former police officer who owns considerable real estate in the vicinity of Crotona Park is understood to have complained that the noise and excitement attending the use of the ball ground as an athletic field militates against his property. This may not be the underlying reason why the Park Commissioner has decided to wipe out the recreation field, but it is a fact that an extensive flower garden would be more pleasing to the real estate owners of the vicinity than a baseball pasture.

Amateur ball players and athletes of the Bronx will be called upon to organize to save the Crotona Park field, but quick action is necessary, for the Park Commissioner is going ahead with his plans to beautify the spot and send the boys, who considered the ball ground a part of their privileges and benefits, from the city far toward the outskirts for their athletic enjoyment next summer. The ground has already been broken.

The Crotona Park baseball field was given to the city by the Bathgate family and those who object to the project of turning it into a vista of lawns, flower beds and fountains assert that the deed of gift specifies that it should always be used for athletic purposes. It was opened as a ball field in 1869, when the Union Club won the first world championship series ever played.

The Park Commissioner is understood to be of the opinion that the provisions of the Bathgate family's deed of gift does not run perpetually and that the courts would set them aside in any event on the ground that the neighborhood has become so populous and prosperous that a baseball park figures in the nature of a nuisance.

It has been for years past the policy of the city to open new playgrounds. This is the first time in the memory of men interested in the development of outdoor sports for city boys that a playground on city property has been condemned.

Thus far the revolt against Commissioner Hennessy's plan has taken the shape of informal protest. The organization stage is next in line and present, past and future ballplayers throughout the city are being called upon to join in the movement.

WORTHY GERMANS BECOME CITIZENS UNDER NEW LAW

County Clerk Schneider Explains Status of Certain Enemy Aliens Here.

County Clerk William F. Schneider explained to-day why the oath of citizenship is being administered to certain subjects of Germany and Austria-Hungary.

"Under an act of Congress which became a law May 3, 1918," said the County Clerk, "enemy aliens who had taken out their first papers two years prior to this country's entrance into the war and not more than seven years prior to this country's entrance into the war are entitled to citizenship."

"This law provides, however, that the applicant for citizenship shall not be accepted unless the President elects to accept him. That is, he must first have been proved to be trustworthy."

"When the law of May 3 became effective the President's power of passing on the loyalty of the prospective citizens was delegated to the Department of Justice. Agents of this Department have since been making careful investigations of the alien enemies who had taken out their first papers. Reports from the Department of Justice are beginning to come in now. Where the record of the applicant is favorable the law says he shall be admitted."

"County Clerks all over the land are acting to-day in accordance with the provisions of this Federal statute. They could not do otherwise if they wanted to."

RELATIVES HALT ROMANCE OF KEYS AND BOSTON GIRL

Cincinnati Contractor, 63, is Held by Conservator After An All Day Chase.

(Special to The Evening World.)
BOSTON, Nov. 24.—John Baker Keys, wealthy Cincinnati contractor and Harvard graduate of the class of 1877, will probably be unable to marry nineteen-year-old Florence K. Girardin of Dorchester. Keys had the time of his life yesterday dodging detectives and friends, but at midnight was rounded up by Conservator Stark, appointed at the instigation of the Keys family in Cincinnati. Keys was found at Newburyport, where he had been in his room.

The announcement of the intended wedding of Keys stirred his family and friends in Cincinnati and the conservator was appointed. He immediately started for Boston, arriving here yesterday afternoon. Looking for Keys, they found that he had stopped Saturday night at the A. D. Club in Cambridge. Yesterday morning he came in town and was eating breakfast at the Touraine when he heard that he was to be taken back to Cincinnati.

Without finishing breakfast he left the hotel, returning to the Cambridge Club. Meanwhile, Conservator Stark got on his trail. Accompanied by detectives he went to Cambridge, only to find that Keys had left in his automobile. He was finally trailed to Newburyport.

A charge of drunkenness was placed against Keys to hold him. He strongly resisted being taken from his car. Clark went to Newburyport and had a long talk with Keys this morning. Keys consented to leave with him. The party returned to Boston and it

STOP DANDRUFF! HAIR GETS THICK, WAVY, BEAUTIFUL

Girls! Draw a cloth through your hair and double its beauty.

Spend a few cents! Dandruff vanishes and hair stops coming out.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff, is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a small bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed, and within ten minutes there will be an appearance of abundance, freshness, softness and an incomparable gloss and lustre, and as you will, you can not find a trace of dandruff or falling hair but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp, and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.—Adv.

THOUSANDS CHEER WOUNDED IN BIG NEW YORK HOSPITAL

Many Try to Visit Soldiers in Old Greenhut Store, but Are Barred—More Injured Coming.

New York is beginning to get an idea of what the war meant to Great Britain and France. The constantly increasing number of wounded soldiers on the streets and in public places is but a forerunner of a great stream of crippled men now on their way from France or about to start for home. Within a few days the corner of 18th Street and Sixth Avenue will be the most populous centre of wounded soldiers in this country.

The old Greenhut Store has been made over into a hospital of 4,000 beds with a staff of 300 Red Cross nurses and 1,000 enlisted orderlies of the Medical Corps. Since Friday, when the hospital—known as Debarcation Hospital No. 3—was opened, 425 wounded soldiers from overseas have been admitted.

Thousands of people gathered about the hospital to-day. Many tried to get in on real or fictitious missions, but the wounded soldiers and the soldiers gathered at the windows and waved crutches and canes and cheered the crowds.

Escaped Prisoner Captured.
GREENWICH, Mass., Nov. 23.—Claude Taylor, alleged outlaw who escaped from Waterford Prison in Connecticut Oct. 25, is under arrest in Ellenville, near Buffalo, N. Y., according to word received here to-day by Chief of Police Thomas Manning. Taylor is wanted here on a charge of the theft of an automobile from the garage of Mrs. Zira H. Groat.

Children's Colds --- Danger

TO MOTHERS! Whatever else you do for your child's cold, feverish head or sore throat, remember to always rid the bilious liver, sour stomach and constipated bowels of the congested waste and toxins. Always give Cascarets candy cathartic first thing.

Even cross, sick, cold-clogged kiddies needn't be coaxed to take Cascarets. Cascarets never disappoint the worried mother. Each 10 cent box of Cascarets contains directions and dose for children aged one year old and upwards.—Adv.
